HELP STAY FIT

1991-1992 ABC
SCHOLARS:

We are immensely proud of our girls! Since the program was founded in Darien in 1981, fourteen young women have graduated from DHS and have been given the opportunity to continue their education at some of the finest colleges and universities in the country.

This vital program is kept alive by the enthusiastic support of the people whose names you see here - and by the generous past and present support of people like YOU.

Please join us to share in the celebration of Darien's success and pride in A Better Chance in Darien. With your strides forward, both you and ABC will STAY FIT!

ABC is National, Non-Profit organization providing better educational opportunities for minority students
